24th January 2020

Dear colleague

UPDATE SUBMISSION OF INVOICES

Following the issue of MPS 2608* (17th December 2019), a number of contractors have contacted BSO to highlight operational difficulties in the implementation of the change detailed in the MPS.

Therefore, BSO have decided to delay the introduction of an invoice submission for “uncoded” items under £100.

BSO will be in contact with a revised process in due course.
