Dear colleague

**Levomepromazine 6mg Tablets: Licensed Product Launched**

BSO wishes to highlight to contractors that a licensed preparation for levomepromazine 6mg tablets, produced by Morningside Healthcare Ltd, is now available within Northern Ireland.

The SPC for this product is available at the link below:

<https://www.medicines.org.uk/emc/product/11668/smpc>

The code for this product will appear in the **December 2020** Code Book and is:

- Levomepromazine 6mg tablets (Morningside Healthcare Ltd) **74387**

Therefore, for November 2020 prescriptions submissions onwards, prescriptions written for levomepromazine 6mg tablets should be coded with the code above.

It will not be necessary to submit an invoice with these prescriptions; payment will be based on the licensed product price.

Patients/carers should be advised in relation to any change to the product dispensed and provided with reassurance in terms of the quality of their new product, and treatment continuity.

If you have any queries, please contact Mark Nelson at BSO [mark.nelson@hscni.net](mailto:mark.nelson@hscni.net)
